EXECUTIVE SUMMARY

Greater Boston Chapter polled the membership for feedback and input regarding activities for 2020. To sustain current levels of participation and encourage others to get involved GBC Leadership believes it’s important to respond to membership interests and needs.

PARTICIPANTS

Survey was distributed via email to the entire membership. Although we anticipated a larger response we do believe the completion does represent the region and profession.
RESULTS

The results are broken out by question and not all respondents answered every question.
