<p>Michael “Miki” AlroyBio: Michael “Miki” Alroy, owner of Commonwealth Risk Management Group is a dynamic Environmental Health & Safety Professional with over 20 years’ experience leading organizations in a wide variety of industries and sectors. Miki’s wealth of experience in the construction, utility, petrochemical, manufacturing, institutional, biotechnology and pharma industries gives him unique lenses to approach health and safety. Drawing from best management practices learned from each of these sectors has allowed him to develop an approach to challenges and safety that is technological, and solution based, data driven, straightforward and effective. Miki is also a champion of philanthropic causes and giving back to his community.Position Statement: I have thus far enjoyed my experiences working with the Greater Boston Chapter of ASSP and want to continue contributing in a more official capacity. I would plan on building new professional relationships and leveraging my existing network to help grow the GBC. I believe that HES professionals have a role in giving back to society and supporting the generation of EHS professionals that follow us. As such, I seek the role of Secretary for the GBC, and will lead and support the chapter initiatives.</p>		46.6%	41
